
Vicente Cortés

1. General Information

Name, Title: Cortés, Vicente, Prof. Dr.
DOB, Gender: 27.09.1965, male
Address: Fachbereich Mathematik
Universität Hamburg
Bundesstraße 55, 20146 Hamburg
Tel: 040-42838-5166
E-Mail: vicente.cortes@uni-hamburg.de
Current Position: Professor (W3)

2. Academic Education

Subject: Mathematics, minor in Physics (1985-1992)
University: Paris VII and Bonn
Degree: Licence (June 1988) and Diplom, respectively
Thesis Supervisor: Prof. Dr. Werner Ballmann

3. Scientific Degrees

Habilitation: Mathematics, University of Bonn, 1999,
mentor: Prof. Dr. Werner Ballmann
PhD: Mathematics, University of Bonn, 1994,
supervisor: Prof. Dr. Werner Ballmann

4. Career Path

since 2006: Full Professor (W3), Department of Mathematics,
University of Hamburg
2002 – 2005: Professor, Institut Élie Cartan de Mathématiques,
Université Henri Poincaré - Nancy I
2000 – 2002: Lecturer (C2), Department of Mathematics,
University of Bonn
1999 – 2000: Stand-In Professor (C3), Department of Mathematics,
University of Freiburg i. Br. (one semester)
1996 – 1999: Assistant (C1), Department of Mathematics,
University of Bonn
1995 – 1996: Humboldt Fellow at the Mathematical Sciences Re-
search Institute in Berkeley (hosted by Prof. Dr. Shiing-
Shen Chern and Prof. Dr. Robert Ossermann)
1994 – 1995: Postdoc, Department of Mathematics,
University of Bonn

5. Miscellaneous

- since 2014: Editor of the *Beiträge zur Algebra und Geometrie*
- since 2013: Editor of *Differential Geometry and its Applications*
- since 2006: Managing Editor of the *Abhandlungen aus dem Mathematischen Seminar der Universität Hamburg*
- 2012: Declined a Full Professorship (W3) for Differential Geometry offered by the University of Kiel
- 2010 – 2011: Head of Department, Department of Mathematics, University of Hamburg
- 2003 – 2005: “Prime d’encadrement et de recherche” (French national award for mentorship and research)
- 1995 – 1996: Feodor Lynen Fellowship of the Alexander von Humboldt Foundation
- 1994: Heinrich-Hörlein-Gedächtnis Prize for the PhD thesis “Aleksievskiĭs quaternionische Kählermannigfaltigkeiten”
- 1986 – 1992: Fellowship of the German Scholarship Foundation (Studienstiftung des deutschen Volkes) for studies in Germany and special fellowship for studies abroad during the academic year 1987-1988
