Record of study-related stays abroad as per Section 4 HStatG

Pursuant to Section 4 of the Hochschulstatistikgesetz (higher education statistics act, HStatG) dated 1 March 2016, German higher education institutions must report study-related stays abroad (with details of the study achievements recognized) to the responsible state statistical office as part of the official examination statistics when students complete their degree.

If you completed any study-related stays abroad, please submit this form at the latest before your degree certificate is issued. In case of more than three stays abroad, please only indicate the three longest stays.
